From: Judith Leslie
To: Elle Donnelley
Subject: Integra Mine (near Camberwell) proposed modification to current Biodiversity Offsets.
Date: Friday, 6 June 2014 2:25:44 PM

I object to the Integra Mine Complex Modification 4 because:
• The new offset areas will not protect the endangered Narrow-leaved Ironbark-Spotted Gum-Grey Box Open Forest
• The Integra Mine Complex has ceased operation and gone into care and maintenance
