Dear Mr Hazzard,
We OBJECT TO THE PROPOSAL.
We look after our dissabled grandaughter every second week. She is confined to a wheel chair, we cross the road to the wheel chair access to the beach(WHICH THE COUNCIL PUT CONCRETE access through the swale on the side of the road. With trucks going along Cambage St. She won't be able to access the beach. There is also a dissabled blind man that walks along the road too. Why should a business with trucks be aloud to use Cambage St.

Every business we have had we have had to use our residential address for access, in this case it is 180 CLARK STREET PINDIMAR.

We all love the peace and quite down here, (THAT'S WHY WE BOUGHT HERE 30 years ago.)
