Hello Simon,

As mentioned yesterday Rice Daubney has updated the drawings for 1 Denison Street to reflect the requirements of Sydney Water. The amendments can be summarised as follows:

1. Deletion of the storage rooms over the existing stormwater pipe and replacement with a services access room
2. Provides an exclusion zone to the existing pipe (minimum of 1m)
3. Retains the approved pedestrian steps over the stormwater asset which can be easily removed if required in the future if access if Sydney Water requires access to the stormwater pipe in the future.

I have attached Sydney Water's letter again for your reference. Please feel free to contact me should you have any questions in relation to the above.

Kind Regards,
Jennie
