Good Morning Lenox,

Thank you for inviting the EPA to provide advice on the EIS on exhibition (EXH-2856) for St Patrick's College Science and Learning Building (SSD-10400).

As per our last correspondence on 4 December 2019 for this proposal (please see attached), the EPA does not have any interest in the proposal as it does not require an environment protection licence and is not being undertaken by or on behalf of a NSW Public Authority, nor are the activities other activities for which the EPA is the appropriate regulatory authority.

Kind Regards,

Kieran Henry

Operations Officer, Regulatory Operations

Metropolitan Division, NSW Environment Protection Authority
