Dear Mr Williams

Shoalhaven Starches – MP06_0228 Mod 18 amendments

I refer to the amendments made to Modification 18 of the Shoalhaven Starches Expansion Project to modify the project approval MP06_0228. The amendments include the repurposing of the existing defatting building to produce hand sanitiser, and the removal of the proposed covered storage area which had been intended to be used for storage of finished hand sanitiser product.

On 15 June 2020, EPA provided comments on the proposed covered storage area. However, since the amendments propose to remove this part of Modification 18, these comments no longer apply to the Modification.

Additionally, the EPA has no comments to make on the amendment to repurpose the defatting building to produce hand sanitiser.

If you have any questions or wish to discuss, please contact me or Amanda Fletcher on (02) 6229 7002.

Yours sincerely
