Ms Lauren Evans
Resource Assessments
NSW Department of Planning and Environment

Lauren.evans@planning.nsw.gov.au

Dear Ms Evans

**Haerses Road Sand Quarry (DA 165-7-2005 MOD 1)
Comment on the supplementary Response to Submissions (RTS)**

I refer to your email of 19 October 2017 to the Department of Industry in respect to the above matter. Comment has been sought from relevant branches of Crown Lands & Water and Department of Primary Industries.

Any further referrals to Department of Industry can be sent by email to landuse.enquiries@dpi.nsw.gov.au.

The department has reviewed the supplementary response to submissions and advises that, in addition to recommendations made in previous correspondence, the following be included as a Condition of Consent:

- The proponent must undertake aquifer testing and expansion of the monitoring network, to the satisfaction of Crown Lands and Water (water.referrals@dpi.nsw.gov.au), within 6 months of any approval being granted.
- Monitoring of the additional monitoring bores must be undertaken on a monthly basis for both groundwater level and quality, in accordance with the guideline for [Groundwater Monitoring and Modelling Plans – Information for prospective mining and petroleum exploration activities \(2014\)](#), for a period of 12 months prior to quarrying operations commencing in the Modification 1 Area. Data loggers must also be installed in the bores for continuous water level monitoring.

Yours sincerely

Alison Collaros
