Modification Description

No changes to the Quarry extraction area or operational activities are proposed, the Proposed Modification seeks only to allow for a change to the approved sequence of extraction within the MOD 1 Friable Hawkesbury Sandstone resource.

How is the modification substantially the same as the original development?

The Proposed Modification is considered to be substantially the same development as that approved on the basis of the following:

- The type of development, namely extractive industry and resource recovery, remains the same with no additional development types proposed.
- No change to extraction methods, processing methods or operating hours is proposed.
- The predicted impacts of the Proposed Modification would remain equivalent to those approved by DA 165-7-2005.
