Lauren Evans
Principal Environmental Consultant
Umwelt (Australia) Pty Ltd
40 Mount Street
NORTH SYDNEY NSW 2060

Dear Lauren,

Owners Consent for the modification for DA 165-7-2005 for the Haerses Road Quarry

It is noted that Dixon Sand (No. 1) Pty Ltd (Dixon Sand) is proposing Modification 5 (MOD 5) to DA 165-7-2005 for the Haerses Road Quarry.

MOD 5 is a minor modification under section 4.55(1A) of the *Environmental Planning and Assessment Act 1979*, which involves the relocation of the approved site office, workshop and weighbridge. These structures will be moved further away from sensitive receivers on Wisemans Ferry Road and will be wholly located within the quarry's approved disturbance footprint. The floor area of the workshop will also be increased.

Haerses Road is identified in Schedule 1 of DA 165-7-2005 as land to which the development consent applies. Accordingly, the consent of the Hills Shire Council is sought to lodge the MOD 5 application.

This letter provides written Owner's Consent for Modification 5 (MOD 5) to DA 165-7-2005 for the Haerses Road Quarry.

Should you have any queries, please do not hesitate to contact me.

Yours faithfully

Michael Edgar
GENERAL MANAGER
