21 April 2022

Dear Mr Reed

**Cullen Valley Coal (DA200-5-2003)
Erosion and Sediment Control Plan**

I refer to the Erosion and Sediment Control Plan which was submitted as a component of the Site Water Management Plan in accordance with condition 43 of Schedule 4 of the consent for Cullen Valley Coal (DA200-5-2003).

The Department has carefully reviewed the Erosion and Sediment Control Plan and is satisfied that it adequately addresses the relevant conditions of consent. I understand that the current mining campaign is predicted to be completed within the next 12 months. Therefore, the Department requests that in April 2023 you consult with the Department about any necessary reviews or revisions to this management plan.

Accordingly, the Secretary has approved the Erosion and Sediment Control Plan (Version 2, dated 29 March 2022).

If you wish to discuss this matter further, please contact Carl Dumpleton at Carl.Dumpleton@planning.nsw.gov.au

Yours sincerely,

Jessie Evans
