Dear Mr Ritchie

Re DA 220-07-2002-i-MOD 11 – Teys Australia (formally Cargill) Beef Abattoir

I refer to the electronic mail from your Patrick Copas dated 15 November 2019 to the Environment Protection Authority (EPA) for the proposed modification (DA220-07-2002-i-MOD11) to the Teys Australia (formally Cargill) Beef Abattoir located at 1 Dampier Street, Wagga Wagga.

We have reviewed the modification documentation and accompanying information and note that the modification consists of three separate components:

- Construction and operation of a blood separation and plasma plant;
- Wastewater irrigation of additional crop species (including grass); and
- Administrative amendments to the development consent.

As noted in the documentation there would be no changes to the scale or capacity of operations on-site. We also note that Teys proposed to update the Operational Environment Management Plan and submit to the EPA for approval.

Environment Protection Licence No 2262 is issued to Teys Australia Southern Property Ltd for the beef abattoir. Our review has identified that there will be no requirement to vary the licence.

Based on the information provided, we have no further comment on the proposed modification.

If you have any further enquiries about this matter please contact Briohny Seaman by telephoning 02 6969 0700 or by electronic mail at riverina.farwest@epa.nsw.gov.au.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Jessica Creed'.
