Re: Management Plan Progress Update of Ginkgo Mineral Sands Mine (DA251-09-01)

NSW Planning Ref: ENF-96760962

Dear Sir/Madam,

Tronox Mining Australia Limited (Tronox) provides this letter as a progress update on the review and revision of management plans requested under the Department's correspondence dated 20 October 2025, issued in relation to the Independent Environmental Audit for the Ginkgo Mineral Sands Mine.

As previously advised, Tronox requested an extension to the original January 2026 timeframe, proposing a revised target date of 20 February 2026, to accommodate resource availability over the holiday period. Tronox confirms that all required management plans are actively being progressed.

The current status and expected completion dates for each management plan are outlined below:

Management Plan	Current Progress	Expected Completion Date
Traffic MP	Reviewed & submitted via major planning portal	Completed
Air Quality MP	Reviewed & submitted via major planning portal	Completed
Heritage MP	Reviewed & submitted via major planning portal	Completed
Water MP	EPA Consultations, Submitted on major planning portal	Completed
Offset MP	Currently with consultant for review	06/03/2026
Flora & Fauna MP	Currently with consultant for review	13/03/2026
Rehab MP	Currently with consultant for review	20/02/2026

The Offset Management Plan and Flora and Fauna Management Plan are currently undergoing consultant review to ensure alignment with audit recommendations and environmental commitments. Tronox will submit these plans to the Department upon completion of the review.

Tronox respectfully requests the Department's agreement to the revised completion timeframes outlined above for the remaining management plans.

Tronox remains committed to achieving full compliance with the conditions of consent and appreciates the Department's continued engagement. Should the Department require any further information, Tronox would be pleased to provide it.

Yours sincerely,

Dipchana Maharjan
Environmental Advisor
