DA 305-11-01

BY LIDDELL COAL OPERATIONS PTY. LIMITED

Liddell Coal Operations Pty. Limited (LCO) has made an application to modify the Development Consent

DA 305-11-01 for Liddell Coal Operations (Liddell) under to section 4.55(1A) of the *Environmental Planning and Assessment Act 1979* (EP&A Act) (NSW).

LCO, as the applicant, gives this notice of the modification application in accordance with the *Environmental Planning and Assessment Regulation 2021* (NSW).

Site Description:

Liddell is located at Ravensworth directly east of Lake Liddell, approximately 25 kilometres (km) north-west of Singleton, and 26 km south-east of Muswellbrook.

Proposed Modification Description:

The proposed modification to DA 305-11-01 (MOD 9) includes the following:

- Construction and use of temporary grout batching compounds and ancillary infrastructure;
- Drilling of boreholes within approved disturbance areas to access the former underground workings;
- Backfilling of the targeted underground workings with materials including grout to provide long-term stability;
- Transportation of materials used for the activities to site, including fly ash, cement and other materials; and
- Decommissioning and rehabilitation of disturbed areas at the completion of works.

Other than the works associated with the backfilling of targeted underground workings, all other aspects of the approved operations will remain consistent with DA 305-11-01.

The application to modify DA 305-11-01 encompasses the following land (Lots in Deposited Plans):
