Dear Melanie

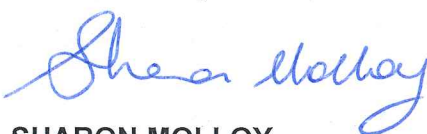

Wambo Mod 17 - Response to submissions

I refer to your letter dated 12 September 2017 inviting the Office of Environment and Heritage (OEH) to provide comments on the 'Response to Submissions' (RTS) report for the Wambo MOD 17 project, and to provide advice on any residual concerns.

Following a review of the RTS report OEH's remaining concern is that the project may cause unexpected subsidence impacts that could affect threatened biodiversity. Therefore, OEH recommends that Condition 22, Schedule 4 of the current consent (which requires offsets for any such impacts that cannot be remediated) applies to any consent granted for MOD 17.

If you require any further information regarding this matter please contact Robert Gibson, Regional Biodiversity Conservation Officer, on 4927 3154.

Yours sincerely
