Dear Mr Brown

**Ashton Coal Project (DA309-11-2001-i)  
Water Management Plan**

I refer to the *Water Management Plan* which was submitted in accordance with Condition 26 of Schedule 3 of the consent for the Ashton Coal Project (DA309-11-2001-i).

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the consent conditions and has also addressed the Department's issues raised on 14 September 2020.

I also refer to your letter of 09 October 2020 seeking the Secretary's agreement to waive the consultation requirements for this management plan due to the minor nature of the update following the recommendations of the Independent Environmental Audit completed on 05 March 2020 and the findings of the 2019 Annual Review submitted on 06 March 2020. The Department has reviewed your request and considers it acceptable. Consequently, in accordance with condition 5 of Schedule 5 of DA309-11-2001-i, the Secretary agrees that the consultation requirements for the *Water Management Plan* is not required for this update.

Accordingly, the Secretary has approved the *Water Management Plan* (Revision 11, dated September 2020). Please ensure that the approved plan is placed on your website as soon as possible.

If you wish to discuss the matter further, please contact Nagindar Singh on 8289 6873.

Yours sincerely

Matthew Sprott
