

Notice of Modification

Section 75W of the *Environmental Planning and Assessment Act 1979*

I, the Director, Infrastructure Projects (as a Director of the Major Projects Assessment Division), in accordance with the Instrument of Delegation issued by the Minister for Planning on 25 January 2010, pursuant to Section 75W of the *Environmental Planning and Assessment Act 1979* determine to approve the modification to the development consent referred to in Schedule 1, in the manner indicated in Schedule 2.

Daniel Keary
Director, Infrastructure Assessments
as Delegate for the Minister for Planning

Sydney 21 SEPTEMBER 2010

File No: 09/01493-2

SCHEDULE 1

Development Consent:	Granted by the then Minister for Infrastructure and Planning on 10 June 2005.
In respect of:	Development application DA-31-2-2004-i made by Wambo Power Ventures Pty Ltd on 4 February 2004, in relation to land described as Lot 782 DP 878179 and Lot 76 DP 754573, Parish of Yarragundry, County of Mitchell, Uranquinty, Wagga Wagga Local Government Area.
For the following:	The construction and operation of a 600 megawatt (MW) peak load/ high shoulder load gas-fired power station, in two stages.
Modification Application:	Modification (DA-31-2-2004-i MOD 8) of the development consent to exclude the application of operational noise limits to the following situations, which are taken to be operations outside of normal operating conditions: • emergency situations; and • periods of noise testing identified and implemented in accordance with an approved noise management procedure, as part of the Operational Noise Management Plan for the project.

SCHEDULE 2

The development consent is modified by the following:

1. Delete the word "and" at the end of condition 1.1f).
2. Delete condition 1.1g) and replace with the following:
 - g) the letter from Origin Energy Uranquinty Power Pty Ltd to the Department of Planning dated 3 September 2010 (received by the Department on 6 September 2010) titled *Application for Modification of Development Consent for Uranquinty Power Station (DA-31-2-2004-1)*; and
 - h) the conditions of this consent.
3. Replace all references to "1.1f)" in condition 1.2 with the reference "1.1g)".
4. Insert the following after condition 3.12D:

3.12E The operational noise limits specified under conditions 3.11 and 3.12 do not apply to the following situations, which are taken to be operations outside of normal operating conditions:

 - a) emergency situations; and
 - b) during periods of noise testing identified and implemented in accordance with an approved noise management procedure prepared in accordance with the requirements of condition 6.6 c) ix).
5. Insert the following after condition 6.6c) viii):
 - ix) a noise management procedure covering operations to be undertaken outside of normal operating conditions as specified in condition 3.12E b), for the approval for the Director-General (in consultation with DECCW). The procedure must provide details of the nature of the operations outside of normal operating conditions including likely timing, duration, frequency and potential noise impacts at surrounding residences as well as details of all reasonable and feasible measures to be undertaken to minimise noise amenity impacts to these residences including notification and complaints management procedures. The procedure must consider residences defined under conditions 3.11 and 3.12 (as relevant), which have been constructed by the time of the proposed operations outside of normal operating conditions.
