

# Notice of Modification

## Section 75W of the *Environmental Planning and Assessment Act 1979*

I, the Director, Infrastructure Projects (as a Director of the Major Projects Assessment Division), in accordance with the Instrument of Delegation issued by the Minister for Planning on 25 January 2010, pursuant to Section 75W of the *Environmental Planning and Assessment Act 1979* determine to approve the modification to the development consent referred to in Schedule 1, in the manner indicated in Schedule 2.

Daniel Keary  
**Director, Infrastructure Assessments**  
as Delegate for the Minister for Planning

Sydney 12 NOVEMBER 2010

File No: 09/01493-3

### SCHEDULE 1

|                                  |                                                                                                                                                                                                                                                                    |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Development Consent:</b>      | Granted by the then Minister for Infrastructure and Planning on 10 June 2005.                                                                                                                                                                                      |
| <b>In respect of:</b>            | Development application DA-31-2-2004-i made by Wambo Power Ventures Pty Ltd on 4 February 2004, in relation to land described as Lot 782 DP 878179 and Lot 76 DP 754573, Parish of Yarragundry, County of Mitchell, Uranquinty, Wagga Wagga Local Government Area. |
| <b>For the following:</b>        | The construction and operation of a 600 megawatt (MW) peak load/ high shoulder load gas-fired power station, in two stages.                                                                                                                                        |
| <b>Modification Application:</b> | Modification (DA-31-2-2004-i MOD 9) of the development consent to make amendments to the existing water management process on site.                                                                                                                                |
