Dear Genevieve,

Wallerawang Quarry, DA 344-11-2001 Modification 1-Stockpiles and Washing Plant, Great Western Highway, Wallerawang

I refer to the abovementioned project and your email received 10 July 2017 requesting a 'response to submissions' for the proposed modified development.

Council has reviewed the 'Response to Submissions' report submitted by RW Corkery's Pty Ltd, on behalf of Walker Quarries Pty Ltd, and advise that the applicant has not satisfactorily responded to Council's submission.

Council previously requested that more consideration is given to the visual impacts from the Great Western Highway to the Quarry site, specifically in relation to the timeline as to when the vegetation would be planted and the construction of the bund wall.

A timeline is yet to be submitted with the response. As such Council is unable to undertake an adequate assessment of the application until the information that Council previously requested has been submitted.

Please do not hesitate to contact Miss Lauren Stevens who is available between 8:15am and 10:30am Monday to Friday on (02) 63549999, in Council's Environment & Development Department should you have any queries in relation to this matter.

Yours sincerely

A Muir
