

# Notice of Modification

## Section 75W of the *Environmental Planning and Assessment Act 1979*

As delegate of the Minister for Planning, I modify the development consent referred to in Schedule 1, as set out in Schedule 2.

David Kitto  
Executive Director  
Resource Assessments and Business Systems

Sydney **20 DECEMBER** 2017

---

### SCHEDULE 1

The development consent (DA 374-11-00) for the Syerston Nickel Cobalt Project granted by the then Minister for Urban Affairs and Planning on 23 May 2001.

---

### SCHEDULE 2

1. In Schedule 1:
  - after the word "Applicant:", delete "CleanTeq Holdings Limited" and replace with "Scandium21 Pty Ltd";
  - after the word "Development:", delete "Syerston Mine Project" and replace with "Sunrise Mine Project"
2. In Schedule 1, in the Definitions:
  - in the definition of Applicant, delete "CleanTeq Holdings Limited" and replace with "Scandium21 Pty Ltd";
  - insert the following paragraph at the end of the definition of "EIS":
    - Letter prepared by Clean TeQ Holdings Limited dated 13 October 2017, and response to submissions dated 16 November 2017.
  - in the definition of "Mine processing facility", after the words "ore at the Mine", insert:
    - , including:
      - processing plant;
      - electricity and steam co-generation plant;
      - the industrial gas plants;
      - sulphur storage;
      - sulphuric acid plant;
      - hydrogen sulphide flare;
      - scandium oxide plant; and
      - water treatment plant.
  - Insert the following definition in alphabetical order:

Preliminary Works	Site establishment and earthworks associated with the mine processing facility and gas pipeline including: <ul style="list-style-type: none"><li>• clearing and grubbing;</li><li>• topsoil removal;</li><li>• slope protection;</li></ul>
-------------------	--

- installation of drainage, culverts, and storm water retention;
- establishment of temporary roads, power, water and fuelling facilities; and
- construction of fencing and gates, laydown areas, subsurface utilities and contractor hardstands.

3. In condition 52 of Schedule 3:
  - delete the words “carrying out any development under this consent after 6 May 2017” and insert “commencement of construction of the mine processing facility and gas pipeline,”;
  - delete all references to “development” and insert “mine processing facility and gas pipeline”.
  - delete the words “Limestone processing facility” and insert “gas pipeline”.
4. After condition 52 of Schedule 3, insert:

52A. Construction of the mine processing facility and gas pipeline must not commence until approval of the Pre-Construction Hazard Studies has been given by the Secretary.
5. After condition 53 of Schedule 3, insert:

53A. Commissioning of the mine processing facility and gas pipeline must not commence until approval of the Pre-Commissioning Hazard Studies has been given by the Secretary.
