Mr Kane Winwood  
Team Leader Industry Assessments  
Department of Planning & Environment  
GPO Box 39  
SYDNEY NSW 2001

Dear Mr Winwood

**DA 401-11-2002-I - MOD 10 - Extension to existing Solid Waste Derived Fuels (SWDF) storage  
Boral Cement Limited – Berrima Cement Works**

I refer to your email and attached Response to Submissions (RTS) received by the Environment Protection Authority (EPA) on 7 March 2019 inviting comments on the additional information provided in support of the proposed development modification to the existing cement plant at Taylor Ave, New Berrima.

The EPA has undertaken a review of the RTS and notes the corrected floor area figures and SWDF storage capacities provided by the proponent. The EPA does not have any further comments on the proposal.

The EPA requests that Department of Planning and Environment provide a copy of the updated consent if the application is approved. If you have questions regarding the above, please phone the contact officer on (02) 4224 4100.

Yours sincerely

*William Dove 14.03.2019*
