**WINGECARRIBEE SHIRE COUNCIL – DA 401-11-2002-1 MOD 7 – BERRIMA CEMENT
WORKS, PROPOSED BLAST FURNACE SLAG PROCESSING**

Dear Sir/Madam

Reference is made to your letter dated 1 November 2011 forwarded to Roads and Maritime Services (RMS), formerly Roads and Traffic Authority, regarding the subject development application. RMS would like to advise on our new name change and would appreciate all letters in future now be addressed to Roads and Maritime Services.

RMS have reviewed the submitted information and do not object to the development application in principle as the submitted information states there will be a negligible impact on traffic movements associated with the existing operations onsite as existing trucks that return to the site empty will be used to transport the blast furnace slag material.

Yours faithfully

A handwritten signature in black ink, appearing to read "Rob Reynolds".
