COMPANY PROFILE

Benedict Sand & Gravel

Major wholesaler / reseller of quarried, recycled and landscaping products from both Company owned and external quarries, with an in-house distribution and delivery network, delivering to the greater Sydney Region and NSW Country.

Benedict Sands – Menangle

Sand and Soil extraction and processing. Sydney's largest supplier of soils, special golf course and bowling green blends, garden mixes and specialised sands. Controls more than 70% of Sydney's approved topsoil reserves.

Benedict Sands – Belrose

This Sandstone quarry has operated since 1966. Products include; sandstone products, screened sands, recycled aggregates, road bases, soils and garden mixes. And additionally it serves as a construction and demolition waste Recycling Facility.

Benedict Sands – Sandy Point

This sandstone deposit has vast reserves. Available products include a range of

sandstone products including Washed Concrete and Construction Sands, Armour rock, gabion spalls, landscaping rocks and pebbles as well as a range of crushed products. It will play an increasingly critical part in construction sand supply given its centrality to the Sydney market.

Benedict Sands - Mittagong

This quarry produces concrete, asphalt, construction and brick sands for the Southern Highlands, South Coast and Southern Metropolitan Sydney. Acquired in December 2000, this Benedict Quarry has 25 years worth of remaining resources.

Appin Sands – Appin

This joint venture with Pacsons Quarries produces washed sands, brickie sands, soil blends and sandstone aggregates, and has 20 years worth of remaining reserves.

Benedict Sands – Cowra Quartz

This Quarry produces high quality decorative white and gold quartz pebble as well as coarse and fine washed sands.

Benedict Recycling

The main recycling facility is located at Riverside Road, Chipping Norton. This resource recovery and waste management facility commenced operation in March 2008.

Feedstocks such as construction and demolition materials, commercial and industrial wastes as well as residues from other recycling facilities are sorted and recycled. We are currently investigating a range of innovative processes that will permit us to recycle problematic, currently landfilled wastes such as tyres, plastics, engineered timber, and quarantine waste.

Benedict Recycling has locations at:

- Belrose
- Chipping Norton
- Girraween
- Newcastle
- Wollongong
- Smeaton Grange (Coming Soon)

CONTRACT REPRESENTATIVES

Ernest Dupere
Co- Managing Director
