Subject: Tritton Copper (DA41/98) - Noise and Vibration Management Plan

Dear Mr. Olson

I refer to your request for review and approval of the revised Noise and Vibration Management Plan for the Tritton Copper Mine (DA41/98).

The Department has carefully reviewed the document and is satisfied that it generally meets the requirements of the relevant conditions of consent (DA41/98). Accordingly, as nominee of the Planning Secretary, I approve the Noise and Vibration Management Plan (Rev 1.2, dated 23 April 2026) under Schedule 2, Condition 6 (iv).

You are reminded that if there are any inconsistencies between the Noise and Vibration Management Plan and the conditions of consent, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

The Department notes this revision of the Noise and Vibration Management Plan is a combined plan between Tritton Copper Mine (DA41/98) and the Constellation Project (SSD-41579871) see task DA41/98-PA-38. This Noise and Vibration Management Plan document has also been submitted under the Constellation Project consent in Post Approval Task SSD-41579871-PA-7.

If you wish to discuss the matter further, please contact Scotney Moore, on 02 9274 6342.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments

As nominee of the Planning Secretary
