

Mrs Robyn Parker
Environment Superintendent
Tomago Aluminium Company Pty Ltd
633 Tomago Road
TOMAGO NSW 2322

1/10/2021

Dear Mrs Parker

**Tomago Aluminium Smelter (DA391/80 and DA4908/90)
Approval of Water Management Plan - PA-27**

I refer to your correspondence dated 27 August 2021, seeking approval for the revised Water Management Plan (WMP) as required by Condition 39B of Schedule 2 of DA4908/90 and Condition 6 of Schedule 2 of DA4908/90, following the findings of the independent environmental audit (IEA) for the Tomago Aluminium Smelter site.

The Department notes the IEA report made two recommendations regarding the WMP, particularly regarding process water irrigation with wastewater and metals monitoring in discharge water. It is noted the WMP has been updated in accordance with the audit recommendations.

The Department has reviewed the revised management plan and concludes the plan still satisfies the relevant conditions. As such, the following plan is approved:

- Water Management Plan, prepared by Tomago Aluminium, revision 22, dated 12 August 2021.

Should you have any further enquiries, please contact Kathryn Moreira, Planning and Assessment, at the Department on (02) 9274 6086 or via email at kathryn.moreira@dpie.nsw.gov.au.

Yours sincerely

William Hodgkinson
