Baiada Poultry Pty. Limited **Environmental Policy**

Baiada Poultry is an Australian owned family business that manufactures and distributes a wide range of chicken products as well as live poultry, animal feeds and fertile eggs.

Our commitment is to conduct all our business activities in an environmentally responsible manner.

We are committed to:

- Ensuring our business operates with the aim of achieving long-term sustainability with minimal impact on our environment
- The prevention of pollution from our everyday activities
- Communicating this policy to all interested parties including staff, customers, vendors, suppliers and the general community.

This will be achieved by:

- Developing and implementing a certified Environmental Management System across our Livestock, Milling, Processing and Rendering sites.
- Maintaining strict compliance with legislative, industry and any other requirements and guidelines that are related to the company's environmental aspects
- Maximising the use of all resources and minimising waste, wherever possible
- Assisting, where possible, government agencies and community groups engaged in environmental activities.
- Promoting staff awareness of environmental issues and providing the training and resources that will enable them to actively contribute to fulfilling our environmental objectives and obligations
- Implementing a continual improvement program through development and completion of Environmental Management Plans which have measurable outcomes intended to protect the environment

The entire team at Baiada share the responsibility of these commitments.
