Subject: Dendrobium Mine - Water Management Plan

Dear Mr Schultz,

I refer to the Water Management Plan dated 12 November 2025 submitted in accordance with Condition 13, Schedule 4 of the consent for the Dendrobium Underground Coal Mine and associated surface facilities and infrastructure (DA60-03-2001). I also acknowledge your response to the Department's review comments and request for additional information.

I note the Water Management Plan:

- Includes a Site Water Balance (Condition 14 of Schedule 4);
- Includes an Erosion and Sediment Control Plan (Condition 15 of Schedule 4);
- Includes a Surface Water Monitoring Program (Condition 16 of Schedule 4);
- Includes a Surface and Ground Water Response plan (Condition 17 of Schedule 4); and
- contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Water Management Plan dated 12 November 2025. You are reminded that if there are any inconsistencies between the Water Management Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience. If you wish to discuss the matter further, please contact Gabriel Wardenburg on (02) 9585 6810.

Yours sincerely

Jessie Evans
