Political Donations

Do you need to disclose a political donation?

No

Modification Details

Project Info

Project Name	Mount Piper Power Station MOD 8
Additional Capital Investment Value(excl GST)	AUD1,000,000.00
Additional Operation Jobs	1
Additional Construction Jobs	10

Modification Description

A new double-lined, 60 ML pond is proposed immediately adjacent to the existing Blowdown Pond B. The new pond will function as a multi-use storage pond to provide storage redundancy for a number of process streams. It will receive flows from the existing blowdown ponds, the coal settling basin, the ash repositories and the new water treatment plant.

How is the modification substantially the same as the original development?

The Modification is substantially the same as the original development because:

- it compliments/increases the capacity of the existing approved water management system at Mt Piper;
- it will support the generation of power at Mt Piper;
- it does not have a material change on the way Mt Piper operates in the generation of electricity;
- it will be constructed on land owned by EnergyAustraliaNSW and legally cleared for Mt Piper;
- it will not increase the disturbance footprint of Mt Piper.
