PUBLIC NOTICE

Notice of Application for Modification to Development Consent DA 80/952 by Mt Owen Pty Limited

Mt Owen Pty Limited, a subsidiary of Glencore Coal Pty Ltd, has made an application to modify Development Consent DA 80/952 for Glendell Open Cut Coal Mine (Glendell Mine) under Section 4.55(2) of the *Environmental Planning and Assessment Act 1979* (NSW).

Mt Owen Pty Limited, as the applicant, gives this notice of the modification application in accordance with the *Environmental Planning and Assessment Regulation 2021* (NSW).

Site description:

Glendell Mine is located approximately 20 km north-west of Singleton and 24 km south-east of Muswellbrook. Development Consent DA 80/952 provides for mining operations at Glendell Mine until 30 June 2026.

Proposed Modification (MOD 6) Description:

The proposed Modification to DA 80/952 includes:

- Use of Barrett Pit as a mine water storage and continuation of approved associated water management activities; and
- Continuation of existing approved activities at the Glendell Mine Infrastructure Area (MIA).

The Modification activities are proposed until 31 December 2039.

The application to modify DA 80/952 encompasses the following land (Lots in Deposited Plans):

- *Glendell Mine site parcels:*

2/6842, 2A/6842, 11/592404, A/380246, 71/625171, 58/752499, 1/865784, 6/859544, 8/6830, 1/940619, 2/859544, 5/859544, 3/859544, 2/865784, 5/1077004, 6/1077004, 7/1077004, 3/662944, Hebden Road reserve, Crown roads.

- *Ravensworth East Crushing Station and Conveyor Parcels:*

9/6842, 352/867083, 25/841160, 22/841165, 180/858299, 1/135026.
