

LOYD THORLEY

Shire Clerk / General Manager
Singleton Shire Council.

8-12-89

Dear Sir,

My family and I wish to lodge an objection against the Cambewell Coal Pty. Ltd.

We own 72 hect. which shows on the E.I.S. that we are directly in the mining area.

It will seriously interfere with the lifestyle of myself and my family and the plans for the future developments we have all agreed on.

Replacement of this property situated on the New England Highway 10 minutes from town is impossible to replace.

We have spent 4 years improving this property and do not want an open cut coal mine coming right in the middle of it.

We intended to build on this land in 12 months time to get away from the Rixs Creek Mine, as we now live at Singleton Heights.

Hoping to have your support in this matter

Regards.

L.H. Thorley
