

Solar Access Diagram

Building 1 – Northern Elevation

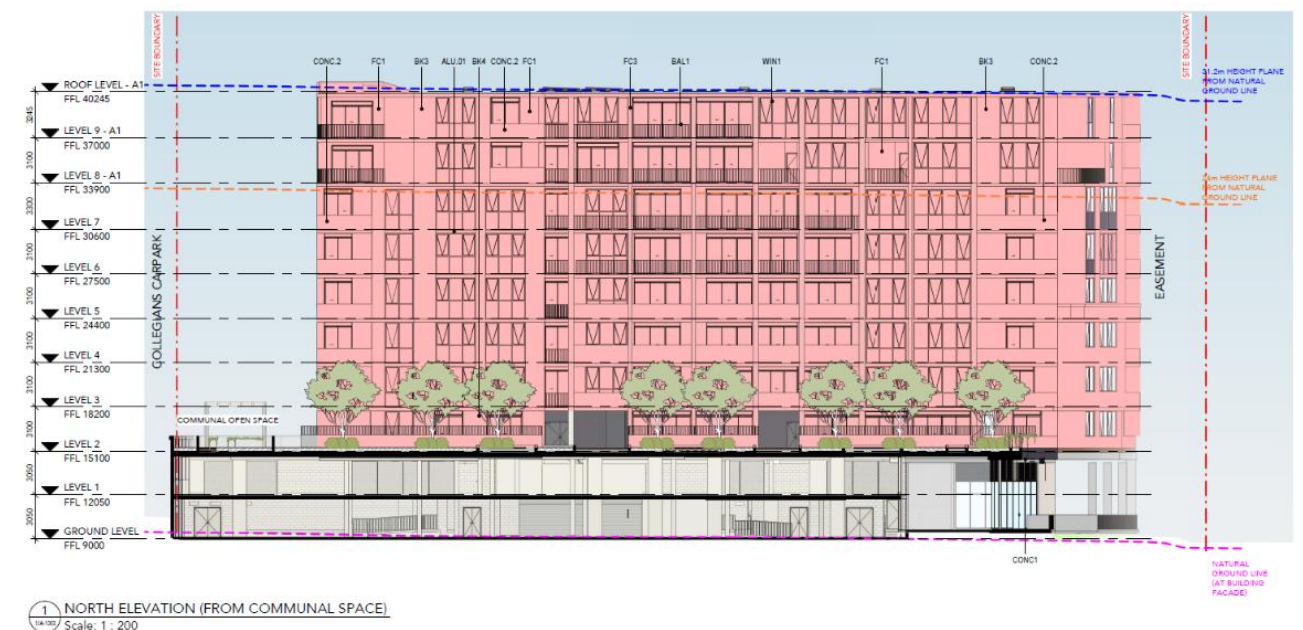

Colliers Urban Planning – May 2026

View from the Sun Diagrams
Mid Winter – June 21

Comments:

- These diagrams, annotating the façade of Building 1 – north elevation – demonstrate
- All apartments to this elevation achieve +2 hours of solar access
- The proposed additions do not impact external receivers between 9am and 3pm
- The proposed additions do not contribute to any additional overshadowing to the communal open space proposed on the site.

Building 1 – North Elevation
