SUBMISSION FOR SUPPORT

Dear Department of Planning and Industry and Environment,

I have lived in Nundle since I was born 82 years ago. I worked here in forestry. When I hear people talking about Nundle not wanting this wind farm I know this is not correct as I have many friends who support the project.

Years ago Nundle community was a thriving little township with many families supporting the local businesses. There were a number of industries supporting the town such as forestry and farming. It takes many industries to support a town and help it survive and this is a project I support to improve our town.

There are businesses around the area and people in Nundle I think have the skills to put their foot forward for an opportunity for work and to learn new skills in an industry that is growing.

We have read & heard about the project from the wind farm people and support their work.

Thank you for your time and considering this.
Regards.

Max Inman
