① 'gross floor area' (anticipated) over-uses 'open-spaces' and destroys natural Bishland areas that many residents love and ^{choose} chose to live in these areas.

② Seniors Housing - ancillary use buildings - Maximum Heights - eg 1-2 storeys and 5-6 storeys - Too High - creating overshadowing and overcrowding.

③ Removal of up to 131 - "significant"/ancient trees (stage 1). (The time and efforts required to remove and ^{re-grow} replant trees would be vast.) It would be a HUGE sacrifice to destroy and remove ancient trees - changing the ambience and Beauty of existing areas.

④ Proposed associated civil works - roads, changes, carparks Building demolition and construction, landscaping etc - would create much disruption & turmoil for residents. ^{eg -} Noise, dust/dirt/changed air quality/details ^{would all affect physical/mental health of residents}
