

18 May 2026.

Submission to the

Minister for Planning and Public Spaces.
Dept of Planning & Public Spaces
SSD-85869467.

Regarding Concept & Stage 1 - ANZAC VILLAGE
SENIORS HOUSING. SSD-85869467

I have lived quite happily in the ANZAC village
for 5 years.

I am writing about my thoughts on Stage 1 of the
development.

1 A new nursing home should be a priority.

I came here for extended care when I can no
longer look after myself. Everyone ~~knows~~ knows
Hospitals are clogged up with elderly people
waiting for admission to a Nursing Home.
Our villagers also services patients outside the
village waiting for care.

A new residential care home is not proposed until
2033-2036.

2 Our Therapy Pool should not be demolished
before the new one is built. It also services
people in and outside the village.

Thankyou for your consideration.
