I came to the Village in 2021 at the age of 74 years old expecting a peaceful retirement. I thought the remainder of my life would be spent in a low density village surrounded by beautiful bushland in restful settings not to be subjected with continual disruption to our way of life with traffic congestion in & out of the village, noise (probably 6 days a week), inadequate parking & unsafe roads & foot path conditions. The long-term development is to be built over the next 10-15 years with not much respite between all the stages. I personally have already had my peace & tranquility already disrupted when Tabuan 3 was being constructed. Stage 1 includes the demolition of the current indoor pool (used daily for exercise classes & rehabilitation) & the TLC building which has many activities vital to the wellbeing of the residents. I acknowledge that we will be getting new facilities but would be good to know if the new facilities will be built before the old ones are demolished. I understand that the Village needs to bring the ageing infrastructure up to modern standards but had I known all this was coming in the near future, I never would have moved to the Village. Hope that our submissions will be taken into consideration by the appropriate authorities.
