Adaptive Reuse Of The Royal Hall Of Industries
Application No: SSD-9726
Location: 1 Driver Avenue, Moore Park, Sydney
NSW
Applicant: Sydney Swans Limited

The Honourable Rob Stokes MP
Minister For Planning and Public Spaces or
Independent Planning Commission
Dear Mr Stokes,

I am a long-time resident of our city, and I am writing to express my concern about recent discussion and the pending decision to remove the seven trees at 1 Driver Avenue, Moore Park.

I understand that the decision is being considered to provide a new High-Performance Sports and Community Centre for the Sydney Swans.

I object to this proposal.

These trees are very large, old and well established.

Please consider that trees bring energy savings by moderating heat in commercial areas.

The creation of parking spaces and the Increased daily traffic from the cars of 206 staff, will increase energy costs by increasing temperatures and air pollution, and will decrease surrounding property values.

I am concerned for the annual Sydney Gay And Lesbians Mardi Gras after parade party. The local, interstate and international LGBTQ community be affected by the loss of access to the Royal Hall Of Industries . There will be a loss of space at the yearly party.

It will also deprive Sydney of one more venue to enjoy live music.

I have never made any reportable political donations.

I am looking forward to your response.

Sincerely,

Mr Andrew Cass
