Dear Sir/Madam

The members of the Mullumbimby Hospital Auxiliary are excited about the plans for the new Byron Central Hospital, but very disappointed there are no operating theatres shown on the plans.

It is our understanding that at the time of planning with community consultation it was agreed that there would be 2 theatres in the new Hospital either from private enterprise or the public purse.

There is a great need for day surgery or advanced surgery here as this is one of the fastest growing areas in New South Wales and we find the information as to whether we will have theatres or not, is very unsatisfactory - they need to be included in the original building.

Yours faithfully

Debbie Butler
