Attention: Mr Christopher Williams

Dear Mr Dooley

**Kamay Ferry Wharf Project (SSI-10049)  
Response to Submissions**

The exhibition of the Environmental Impact Statement for the above proposal ended on 11 August 2021. All submissions received by the Department during the exhibition of the project are available on the Department's website at: [www.planningportal.nsw.gov.au/major-projects/project/34291](http://www.planningportal.nsw.gov.au/major-projects/project/34291).

Please note that a submission from Environment, Energy and Science Group of the Department, and the Port Authority of NSW is pending and will be submitted to you upon receipt.

The Department requires that you provide a Response to Submissions report that addresses the issues identified in the submissions from members of the public, interest groups and government agencies. The Department strongly encourages you to consult with these government agencies during the preparation of the Response to Submissions.

Should components of the proposal be amended to improve the design of the project, respond to issues raised in submissions or reduce the impacts of the project, Transport for NSW must outline these changes to the project in an Amendment Report with an amended SSI application. The Department may exhibit and seek public comments on the Amendment Report.

If you have any questions, please contact Fadi Shakir on 02 9274 6277 or via email at [fadi.shakir@planning.nsw.gov.au](mailto:fadi.shakir@planning.nsw.gov.au).

Yours sincerely
