Re Victoria Street Berry Closure

I would like to object to the closure of Victoria St Berry for the following reasons:

- (1) I journey into Nowra three times a week on a Shoal bus that picks me up at the Masonic Retirement Village and proceeds down Victoria St to pick up elderly passengers from the Grange and Arbour Retirement Villages.
- (2) As Berry is a popular destination for tourists the traffic on the Princes Highway is horiffic at times, therefore making it difficult to access from the side streets. Victoria St affords an easier access point for the many elderly people living in the area.
- (3) The park at the turnoff to Victoria St is extremely popular with the passing through population as it affords a respite with toilet facilities.
- (4) Also this turn off has a traffic lane so other traffic is not held up on the Princes Highway.

I hope you will give consideration to not closing off Victoria St as I believe it will be a detrimental step for the people of Berry.
