I OBJECT TO THE AMENDMENT TO RE-ALIGN A 500Kv TRANSMISSION LINE FOR BOWDENS MINE

I declare I have not made a reportable political donation in the previous 2 years

SIGNED: 

WHY I OBJECT

I object to transmission line for Bowdens lead mine to be re-align. This transmission line would require removal of native vegetation, permanent loss of tree canopy & consequently damage to native flora & fauna. It will be unacceptably & deleterious to increasing tourism to our region. The noise, dust & increased traffic during the construction is unacceptable. Our roads are not suitable to large numbers of trucks. The first nation people have looked after this country for a long time & the mine will in very short time permanently destroy this area. The transmission lines should not be moved and the mine should not go ahead.
