27TH February 2014

Dear Sir,

RE: WELLINGTON POWER STATION – MODIFACTION 2

I wish to lodge my support for ERM Power's proposed modification of the Project Approval.

Wellington needs this investment and we urge ERM Power to do everything it can to get the project up and away.

This project will create jobs and will be a great asset to the Wellington community.

ERM Power has been in the region for some time now and have proven to be a friend of Wellington.

I can see only good for the whole community coming from this project and see no reason why they shouldn't be granted an extension on their approval.

Yours Sincerely, *Garth Dawson*
