**Subject:** Intermodal Terminal

My wife & I are concerned about extra Traffic Congestion resulting from the new Intermodal Terminal. Can you tell us whether Cambridge Road for example will still be available for Public Use even though it is technically Federal owned? Also what effort is being put into improving road traffic for average motorists who will have to compete with extra lorries coming and going from the new Intermodal Terminal? Motorists have been frustrated with the Cambridge Road Causeway for over 30 years now! ( Despite any or all political parties. ) If you cannot relate to what I am saying then you obviously do not live in this area and therefore couldn't care less. Yours sincerely Steve Mansell.
