Dear Ms Moss,

Notice of Exhibition Western Harbour Tunnel & Warringah Freeway Upgrade (SSI 8863)

Thank you for your submission for the above development to Fire & Rescue NSW (FRNSW) for agency review and comment.

FRNSW offer no comments or recommendations in regard to the submitted Environmental Impact Statement given that limited information is available relating to the fire and life safety systems for the development. It is expected that extensive stakeholder consultation will be undertaken throughout the various project phases as part of the design development such that agency requirements and considerations are addressed.

It is requested that FRNSW be given the opportunity to review the draft conditions of consent when available such that any specific agency requirements may be addressed at this time.

If you have any queries regarding the above please contact the Fire Safety Infrastructure Liaison Unit, referencing FRNSW file number BFS20/296. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au.

Regards,
Dave
