Dear Mr Parris

Western Harbour Tunnel & Warringah Freeway Upgrade (SSI-8863)
Response to Submissions

The exhibition of the Environmental Impact Statement (EIS) for the above proposal ended on 30 March 2020. All submissions received by the Department of Planning, Industry and Environment (the Department) during the exhibition of the proposal are available on the Department's website at <https://www.planningportal.nsw.gov.au/major-projects/project/10451>.

The Department requests that you provide a Response to Submissions that addresses all the issues identified in the submissions from members of the public, interest groups and government agencies.

Should components of the proposal be amended to improve the design of the project, respond to issues raised in submissions or reduce the impacts of the project, Transport for NSW must outline these changes to the project in an Amendment Report with any amended SSI application. The Department may exhibit and seek public comments on the Amendment Report.

If you have any questions, please contact Naomi Moss, who can be contacted on 02 9274 6351 or at naomi.moss@planning.nsw.gov.au.

Yours sincerely
