SYDNEY NSW 2001

**ATTENTION: Meghna S'Douza**

Dear Ms S'Douza

**DA 374-11-00 MOD 6: Lot 17 DP 752086 and Lots 3-5 DP 754021; Sunrise Lane, Fifield  
Accommodation Camp Modification**

Thank you for your email on 22 January 2018 referring a modification to DA 374-11-00 to Roads and Maritime Services for comment.

The documents submitted in support of the modification to DA 374-11-00 have been reviewed and Roads and Maritime notes the following:

- The accommodation camp is proposed to be relocated to an alternative location approximately four kilometres to the south of the mine site.
- The capacity of the accommodation camp would be increased from 1000 to 1300 personnel during construction
- The accommodation camp would continue to operate post construction with a reduced capacity of 300 to provide temporary accommodation.
- Access to the Sunrise mine would be on local roads from the proposed accommodation camp.

Roads and Maritime does not object to the proposed modification and provides the following recommendations for Department and Planning and Environment's consideration:

- Safe Intersection Sight Distance (SISD) requirements outlined in the Austroads Guide to Road Design Part 4A and relevant Roads and Maritime supplements are to be provided and maintained in both directions at the vehicular access point from Sunrise Lane to the accommodation camp.

**Roads and Maritime Services**

Please forward a copy of Department of Planning and Environment's determination of the modification application to Roads and Maritime at the same time it is sent to the applicant. Should you require further information please contact the undersigned on 02 6861 1453.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'Andrew McIntyre', with a stylized flourish at the end.
