or ☐ Comment only

Reason / Comment:

After reading through the 700 plus pages of the environmental impact statement for the Bowdens Silver project it appears that all aspects of this major project have been carefully considered. A comprehensive study of all aspects of the business and its impact on the community and environment seems to have been validated. With world demand for lead, silver and zinc increasing this is a very timely project. The benefits of this project is very much in the public interest.

I have

have not

made any political donations in the last two years. (If yes, please disclose).
