I am devastated to hear of the proposal to build a silver/lead mine in the hwe area.

As a constant worker & visitor to the area since 1998 when I first helped plant the olive trees at Rylstone Oliver, I can't understand why (so close to houses & school) such an idea is even proposed.

I still work between Sydney and Rylstone & bring friends & family to the area as it is such a beautiful & pristine part of NSW. with wonderful things to offer. Tourism has grown in the area due to hard work in the food & wine industry & also opportunities to camping, walks & of course agriculture.

As far as I can see the mine would spoil all the hard work that has been done to build the area to a tourist 'hot spot'. Dust, wind, water contamination, noise, traffic, loss of cultural sites. Why?

Children are most susceptible to lead dust so I wouldn't be bringing mine & friends to the area.

I strongly object to this proposal and hope common sense prevails.
