Your Comments

I strongly object to the proposed mine @ Lue.
The most recent proposal to extract water from
the Lue groundwater catchment is truly
horrifying. We lived on the Lawson Creek for
30+ years 1980's - till 2014. The ^{water} springs in
the Lawson Creek would regularly dry
up during drought. The silver mine extracting
local ground water will only exacerbate
this. Stock + domestic water security
must take priority of a Silver Mine
