This is my second objection to the Bowdens
Silver Mine Application, and I am now even MORE
concerned about the proposal, which will be
a disaster for the town of LWE and the region
around it.

The proposal to remove 60 kms of pipeline
from the proposal, and to replace it with the
use of onsite water will be FATAL for Lawson
Creek, which will become depleted and polluted.

I cannot object more strongly to the mine
application by Bowdens which, if it goes ahead,
will cause pollution, water degradation, dust and
environmental vandalism.
