Your Comments

my grandchildren have a beautiful
farm near this silver/lead mine.

I want them to be able to enjoy
the country air, free of lead + dust.

My grand-daughter has allergies
and being at her farm has been
good for her health + respiratory issues.

This mine which is within 3kms of
their farm, jeopardises that.

The belief that rain catchment
will help ease the water stress/scarcity
is also an absurd notion. These

so called "resolutions" are not good
enough.
