(I object to the project

I'm providing comments ☐

I support the project ☐

Your Comments

This "project" is an utter disgrace. The health and well being of the community must always come first - and yet your "so-called" solutions are ridiculous. This is a huge risk to the community, the wildlife and the Mudgee/Lue region as a whole. There is not beauty in visiting a lead/silver mine! ~~in terms of~~ Don't destroy the tourism + don't destroy the health + well being of the community.
