Your Comments

This is the first time in Mudgee. My friends have been coming here for over a decade. They have been telling me for years how amazing the country town of Ure & Rylston are. I have only seen by driving through there the impact of the drought & the COVID19.
I wish I had come out earlier, I would be devastated to see that small town be overtaken by mines the land, the animals the country town like will be destroyed by big company mines moving into the town & the mines leave destroying the land & leaving the community in future generations with nothing & no memories of the open space & Clear Shire.
